SUPPLEMENTAL SUBMISSION OF NEW AUTHORITY

Dear Sir:

Pursuant to M.P.E.P. § 1206, Appellant hereby submits the Federal Circuit decision of *Koito Manufacturing Co. v. Turn-Key Tech*, 381 F.3d 1142 (Fed. Cir. 2004). This decision became available only recently, and therefore was not available for submission at the time the brief was filed. *Koito* provides an analysis of the proper claim construction of the term "predetermined," which affords further support for the Appellant's position that "predetermined" means "1 a: foreordain, predestine b: to determine beforehand 2: to impose a direction or tendency on beforehand." See, for example, footnote 2 on page 1150.

Respectfully submitted,
